## ABOUT ME

Highly motivated and quick to grasp new concepts, with the ability to adapt and excel in multiple tasks simultaneously. Dedicated and hardworking with a strong passion for problem-solving. Deeply interested in coding, especially in creating innovative web development solutions. Committed to continuous learning and delivering high-quality results in every project.

---

## EDUCATION

### Bachelor of Computer Science and Engineering

S.A Engineering College | 2023-2027

### Higher Secondary Education – Biology with Mathematics

St. Joseph Matric Higher Sec School | 2021-2023

---

## SKILLS

HTML, CSS, JavaScript, Tailwind CSS, ReactJS, Supabase, Docker, SQL, UI/UX Design, Java, Python, C

---

## PROJECTS

### Course Registration Application

Developed a full-stack web application enabling students to register for courses easily and efficiently. Implemented secure user authentication and real-time data management using Supabase for login, sign-up, and course records. Designed a fully responsive user interface with HTML, CSS, and JavaScript to ensure smooth cross-device performance. Focused on clean design, intuitive navigation, and robust form handling to provide a seamless user experience.
